

**SINGLE PHASE PREPAID RATE
(Rate 14 Class 1)**

AVAILABILITY:

This structure is available to any member requesting single phase service of Parke County REMC located within the territory served by Parke County REMC and wanting to participate in a prepaid rate.

APPLICATION:

This structure is applicable to all electric service used for domestic purposes to individually metered single-family dwelling units; to individually metered dwelling units in duplexes, apartments, and condominiums; and any member requesting single phase service for lighting, power, or other application that requires single phase service.

CHARACTER OF SERVICE:

Service under this structure shall be alternating current, sixty (60) Hertz, single phase at a voltage of approximately 120/240 volts three wire, or other voltage as might be mutually agreed upon. All residential service required on the premises by the customer will be supplied through one meter. Standby, or resale service, is not permitted hereunder.

MONTHLY RATE:

Consumer Charge

Single Phase: Remote Disconnect..... \$45.00 per month

Energy Charge

All kWh.....\$0.1300 per kWh

Facility Charge for new members will be determined by credit history and for current members by payment history in the past year.

Purchased Power Cost Adjustment:

The amount computed at the above monthly rate shall be adjusted plus or minus by an amount calculated in accordance with the formula specified in Parke County REMC’s Purchased Power Cost Adjustment Clause (Appendix A), which is a part of the “Monthly Rate” of this rate structure.

Minimum Monthly Charge:

The monthly minimum charge under this rate structure shall be the Consumer Charge.

PARKE COUNTY REMC RATE STRUCTURE

Tax Adjustment:

The amount computed at the above monthly rate as adjusted by the application of the purchased power cost adjustment clause shall be subject to taxes, assessments, and surcharges imposed by any governmental authority.

TERMS AND CONDITIONS OF SERVICE:

1. Service shall be provided in accordance with the REMC's Rules & Regulations for Electric Service and Bylaws.
2. All single-phase motors or apparatuses with an inrush current in excess of 250 amps at 240 volts shall require REMC approval.
3. Service under this structure shall be limited to one meter for the same member where service can be adequately supplied from a single service drop.

The terms of payment shall be in accordance with the Provisions set forth in the REMC's Rules & Regulations for Electric Service and Bylaws.
